COMPLETE SHOWER ENCLOSURE SOLUTION

We offer a complete shower enclosure solution, featuring design, glass, hardware, and shipping.

As a single vendor providing the full solution, GGI delivers exceptional convenience and quality assurance. This saves you time, eliminates the need to track multiple orders, simplifies inventory management, and reduces potential risk, every step of the way.

How it works:

- The design plans are created by GGI based on your specification
- Plans are submitted for approval prior to production
- GGI fabricates the glass with high precision
- Quality, industry-standard hardware is supplied to complement the glass
- The glass and hardware are shipped together in a single delivery

GGI offers the widest range of high-quality custom fabricated, specialty and float glass products available from a single expert source, delivered on time, with impeccable care and service.
