### **GGI Opens New Warehouse and Distribution Center**

*GGI doubles warehouse space and fleet of trucks, significantly increasing overall distribution capacity.*

**Secaucus, NJ February 2, 2017:** General Glass International (GGI) today announced the opening of its new 95,000 square foot warehouse and distribution center in Avenel, NJ for its wide range of specialty, laminated and float glass products. This expanded warehouse capacity provides space for increased inventory levels of existing products and makes room for new products. GGI has also expanded its fleet of specialized glass delivery trucks, which will enable expedited deliveries throughout the northeast.

“The opening of the warehouse, the increased level of stock on hand, and the additions to our fleet of trucks ensures our customers get fast and timely delivery of the glass they need, when they need it.”, said GGI’s Executive VP, Richard Balik.

#### **About GGI**

GGI offers the widest range of high-quality custom fabricated, specialty and float glass products available from a single expert source. With our comprehensive custom fabrication and case distribution services, and extensive offering of picture frame glass, we empower our customers to do more with glass. In business for nearly 120 years, GGI is owned and managed by the fifth generation of the founding family, providing unmatched experience, knowledge and dedication to excellence. The GGI headquarters, with a 120,000 sq. ft. fabrication plant and 95,000 sq. ft. distribution center, in Secaucus, NJ provides a high-capacity base from which it serves customers nationwide.
